

HONORING YOUTH
WISDOM:
GATHERING PRAYERS
AND SHARING
STORIES

Creator God, Holy One, Mother and
Father of all, we pray ...

- ▣ For the wonders of your creation, wrought with fineness and tended with fierce compassion ...

▣ For the goodness of
your work in every tiny
flower and in the whole
of your vast cosmos ...

Loving Spirit, we pray ...

- ▣ For children born of mystery and children born into difficult circumstances ...
 - for Mary, who responded to an angel
 - for Julian of Norwich who wrote theology and prayed to God as Father, Mother, Lover ...

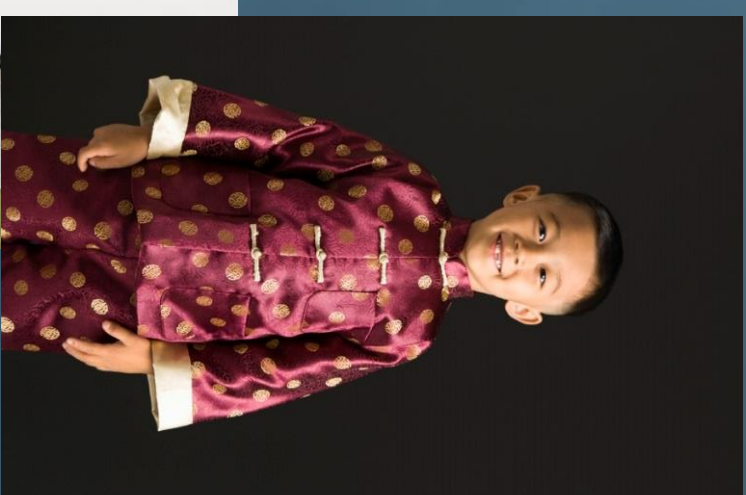

We pray for children and youth everywhere
who delight in life ...

for those of long ago

and around the world

and full of joy

And faced with tragedy ...

To you - Holy One,
Light of the World - we pray ...

- ▣ That you will light our paths
 - as we love children, and youth, all created in your image,
 - as we carry them, watch them, delight in them, and worry about them,
 - as we work and as we pray for their wellbeing in all corners of the world!

*May Your creation be blessed -
each and every and all!*

*May it be so!
AMEN.*
